## Decisive Developments Are Thought Imminent In Long Drawn Battle

**French Feel Confident of Ultimate Success but Realize Fully that a Victory Will be Dearly Bought, As Both Sides Have Met Woeful Sacrifices in The Terrible Struggle of the Aisne**

### RAILROADS RESUMING AS BATTLE SCENE SHIFTS

Visit of President Poincare to the Front is a Factor of Optimism, and Confidence That the Results Thus Far, Favor the Allied Armies—French Military Critic Points Out That Battles Now Last As Long As Extensive Campaigns Formerly Did Which Accounts for Paucity of News.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Oct. 5.—When the long drawn out battle on the north was resumed today there was a feeling in many quarters that decisive developments were imminent. Consequently this afternoon's statement of the war office on the battle of the Aisne, unique in the history of battles, was awaited with the greatest interest.

While the French realize that the battle has not yet been won it does not seem to many of them that it can now be lost. If the allies win, no doubt is felt that they will pay for it, the sacrifice on both sides already being great. The tone of the official communications has furnished the best reasons for the hope on the part of the French although the announcement of the visit of President Poincare to the front was an additional factor for the confidence and optimism felt in regard to the intense struggle. His action is generally commented on as indicating that success is at hand.

Despite the hope of the French, the military critic, Lieutenant Col. Roussel declares that the battle still can last for some time, pointing out that modern encounters last now as long as certain campaigns formerly did. In 1859 the situation was settled in two months while in 1870 it took thirteen weeks, the fighting after Sedan and Metz being merely a contest of honor.

In the furious fighting now going on, Lieutenant Colonel Roussel says, neither side can claim what Napoleon called the result.

With the shifting of the battle scene the railroads are resuming traffic through a number of cities which had been occupied by the Germans. From Epervy the news comes that the Germans respected the vines of Epervy in the important champagne district.

Colonel Dupuy de Clam, a celebrity of the Dreyfus case, is among the wounded in Paris.

### FRENCH OFFICIAL STATEMENT

(ASSOCIATED PRESS TELEGRAM)  
Paris, Oct. 5.—The following official communication was given out in Paris this afternoon:

"On our left wing to the north of the Oise, the battle continues with great violence. The result remains indecisive. We have been obliged, at certain points, to yield ground.

"Along the remainder of the front there has been no change.

"In Russia, after a battle which lasted 10 days the German army which was operating between the eastern Prussian front and the Niemen river has been driven back along the entire line and made its retreat, abandoning a considerable quantity of war material.

"This army has evacuated completely the territory of the Russian provinces of Suwalki and Lonja."

### CZAR ARRIVES AT HEADQUARTERS

(ASSOCIATED PRESS TELEGRAM)  
Petrograd, Oct. 5.—Emperor Nicholas, commander-in-chief of the Russian armies has arrived at the headquarters of the active army. This information was given out today from general headquarters.

### BIT HUSBAND THROUGH LIP IN COURTROOM

Dellah Lelew of Vine street, was brought into probate court Monday on affidavit of her husband George Lelew of Vine street, and upon ex-

amination was adjudged insane. The examining physicians were Drs. J. W. Hornby and J. N. Stone.

After the opinion of the court had been given, Mrs. Lelew asked permission of Judge Hunter to kiss her husband good-bye before being taken to the state hospital at Columbus. It was granted and as she pretended to caress him she suddenly bit him through the lip, hanging on until forced away by attendants. Mr. Lelew's lip bled freely and it was taken care of by the physicians present. The woman was taken to Columbus Monday afternoon.

### Three Important Measures Yet to be Considered, and Congress May Adjourn Oct. 15

(ASSOCIATED PRESS TELEGRAM)  
Washington, Oct. 5.—Outlining the legislative program for the remainder of the session of congress, President Wilson told callers today that no extra session in November was contemplated. He added that only some extraordinary emergency would necessitate an extra session following adjournment of the short session in March.

The president said the war tax bill, the Clayton anti-trust bill and the Alaska coal leasing bill would complete the important work for the present session and that when these bills were disposed of he saw no reason why an adjournment should not be taken.

Oct. 15 is the date tentatively agreed upon.

### Three Rich Indian Princes Fighting Germans In France And One Who Gave \$1,500,000 to British War Fund

Major General Sir Pertab Singh.

Maharajah of Patiala.

Maharajah of Bikaner.

Three wealthy Indian rulers, men who, under the British government in Hindoostan, rule over populations as large as that of England herself, have gone to France with their troops to fight for the allies. Some weeks ago reports were circulated that some of the native princes British had engaged in the war with Germany and Austria would be helpless in face of a native uprising, and a rebellion might be successful. It was said that some of them might lead their people against the rule of the British Government in India. The reports caused instant action by some of these rulers. Three of them at least demanded to be sent to war. In all, twelve states of India raised troops or money.

The Maharajah of Mysore, a wealthy Hindoo ruler, has startled Great Britain by giving more than \$1,500,000 to the war fund of the empire. He gave what is known in his native tongue as fifty lakhs of gold. The money will be used in the transport of Hindoo troops from India to the battle line in France. Twelve Hindoo states are sending soldiers to join in the war, and a half dozen Hindoo princes are accompanying them.

Maharajah of Mysore.

Others are providing a hospital ship. The Maharajah of Rewa has offered his army, his treasury; indeed, also his private jewelry. Maharajah Holkar, the Nizam, and other princes have offered their states' horses as remounts. The Maharajah of Mysore is equally doing his part.

Lloyd George said the other day: "Our resources will come in, not only of men, but of cash. We have won with the silver bullets before."

### Presence of Kaiser and Czar in East Prussia Lays Emphasis on Importance of Impending Battle

(ASSOCIATED PRESS TELEGRAM)  
Petrograd, Sunday, Oct. 4.—via London, Oct. 5.—In Russian military circles it is felt that the Russian general staff is now able to analyze and will be able to forestall the intended German invasion of Russia.

In spite of the great importance of the eight day battle between General Rennenkampf, on the Russian side, and General von Hindenberg on the German side which has just come to an end and in which the Germans were not only successful in crossing the River Niemen according to reports here, but were driven back with heavy losses to the frontier, losing the entire province of Suwalki, excepting the town of Suwalki, it is the opinion of Russian observers that the Germans continue this demonstration to draw the Russian troops from east Poland as a preliminary to their main object.

This was revealed by the present fighting near Warsaw, was an attempt to take Warsaw and thence move to the southward to outflank the Russian army which, having occupied Galicia, is now moving through Bukovina into Hungary.

It is declared here that this intention has been made impossible by

the bad condition of the roads. The heavy German artillery sank into the roadways and could not get on. Nor has the German attempt to take the offensive at Cracow thus far been productive.

The reported presence of Emperor William in East Prussia and the departure of Emperor Nicholas for the front is taken here to emphasize the tremendous importance of the impending battle which may be the biggest conflict of the war up to the present time, in either the western or the eastern arenas. Three million men, it is estimated in Petrograd, will be engaged.

### 8 KILLED IN A MINE EXPLOSION

(ASSOCIATED PRESS TELEGRAM)  
Birmingham, Ala., Oct. 5.—Twelve men are known to be dead and 12 injured as a result of a local explosion in the Mulcah mines of the Woodward Iron company 12 miles northwest of Birmingham this morning.

Four of the miners killed were white and the remainder were negroes.

Rescue gangs were organized immediately after the explosion but all of the bodies had not been recovered at 1 o'clock.

parture of Emperor Nicholas for the front is taken here to emphasize the tremendous importance of the impending battle which may be the biggest conflict of the war up to the present time, in either the western or the eastern arenas. Three million men, it is estimated in Petrograd, will be engaged.

Russians believe that if the German-Austrian army is defeated at Cracow, the war will be virtually over. Granted this defeat, they declare, there will be insufficient forces left to stem the Russian invasion of Silesia and thence to Breslau and Berlin as well as the Russian advances through Cracow to Vienna and through Transylvania to Budapest.

**BATTLESHIP SAILS FOR MEXICAN WATERS.**

(ASSOCIATED PRESS TELEGRAM)  
Philadelphia, Oct. 5.—The battleship Minnesota, flagship of the fourth division of the Atlantic fleet sailed from the Philadelphia navy yard yesterday for Mexican waters. The vessel had been at the local navy yard about a week undergoing repairs. When she sailed her bunkers were filled and she had aboard sufficient stores to last for six months.

For every 100 males employed in New Jersey there are 276 females.

**Which, if True, Would Indicate that This Brilliant German Tactician is Called Upon to Exert His Utmost Resources of Skill and Strategy to Prevent Destruction of His Army**

### LULL PREVAILED SUNDAY ALONG BIG BATTLE FRONT

Antwerp's Brave Defenders Are Holding Out Against the Frontier Attacks of the Germans to Dialodge Them—Report That Latter Have Lost One of the Big Siege Guns, Which Will Be hard to Replace—Reports of Russian Successes Contradicted By Germans.

The allies have been obliged to give ground at certain points on the western side of the battle line. This is announced in a statement issued by the French war office at 3 o'clock this afternoon.

The announcement is brief, containing only the additional information that the battle continues with great violence to the north of the Oise, without decisive result; and that there is no change on the remainder of the front.

A wireless dispatch direct from Berlin to Sayville, L. I., today brings a long German official statement in which, however, there is no reference whatever to the great engagement in which the allies are attempting to turn the German right wing in northern France, and reach the German line of communication to Belgium.

The German war office declares that in the siege of Antwerp forts Liorre Waelhem and Konigshoyekt have been taken, opening the way for an attack on the inner circle of fortifications and the city proper.

As indicating the activity of the London censorship, it may be noted that today's wireless message is the first to bring to this country the German official claim that three of the forts at Antwerp have been reduced.

The fact that such a claim has been made was betrayed by a reference made to it in a general summary of the war situation from London last night, showing that the German official announcement had been received in London though it was not permitted to reach the United States textually.

Belgian denials that any of their forts had fallen, came from Antwerp by way of London yesterday and again today an official Belgian announcement which passed through the hands of the British censor, declares that the situation of the fortified positions around Antwerp remains unchanged today.

The German war office says that the Russian left wing was defeated after a furious battle of two days on the Niemen river.

There has been nothing official from Petrograd, but the most recent reports, official and unofficial, from the Russian capital set forth that the German and Austrian forces all along the fighting area from the Baltic to Hungary, were being checked, driven back or routed.

The returns of the German Imperial bank last week are described in a British dispatch as showing an increase in specie of \$10,250,000 over the last previous report.

The German infantry has appeared in the fighting in the territory of Kia Chow, China. Tokio announces a surprise night attack by infantry from Tsing Tau but says that the attack will be repulsed. Fighting between the land and naval forces at Kia Chow continues.

The Servians still claim to be about to capture Sarajevo, the capital of the Austrian province of Bosnia. War headquarters at Nish announce that Servian troops have approached the fortifications of the city.

An official report from Vienna says that the Austrians are driving the Servian and Montenegrin invaders from East Bosnia and that two Montenegrin brigades were repulsed after a severe engagement lasting two days.

(ASSOCIATED PRESS TELEGRAM)  
London, Oct. 5.—Russian reports indicate that the German offensive towards the Niemen river from the East Prussian frontier has ended in a German rout after the battle of Augustowo, which has been under way since September 25. If these reports are true it means that not only has General Rennenkampf been given an opportunity to resume the offensive, but the important fortress of Ososowetz has been relieved from investment.

An official message from the commandant of the German fortress at Koenigsburg however, directly contradicts the Russian report, and the Berlin version of the fighting while it does not localize it as particularly as the Russian report maintains, that the Germans along the east Prussian frontier have generally been victorious.

As was expected, subsequent reports have discredited the rumor that the Russians were investing Cracow. It was hardly possible for the Muscovite forces to have reached there in such a short time, but a report that Cosack has reached the neighborhood of Cracow is distinctly credible as the commandant of the German fortress at (Continued on Page 2, Col. 1.)

### MANY FATALITIES IN EARTHQUAKE

(ASSOCIATED PRESS TELEGRAM)  
Smyrna, Asiatic Turkey, Sunday, Oct. 4.—via London, Oct. 5.—The towns of Izbarta, (population about 25,000) and Bander (population about 12,000) in the province of Konia, were severely damaged by an earthquake last night, at midnight. The loss of life was very heavy. These two towns are centers of the carpet industry.

A dispatch from Fort de France, island of Martinique, received in New York last Saturday said that shortly after one o'clock that day a severe earthquake shock was felt at Fort de France.

The direction was from north to south. No damage was done locally.

The same shock was recorded also through the windward and leeward islands.

### American Preacher in London, After Having Been Arrested by German Authorities as a Spy

(ASSOCIATED PRESS TELEGRAM)  
London, Oct. 5.—Albert A. Williams, pastor of the Mavorick Congregational church of Boston, has thought they constituted code men—reached London after arrest and imprisonment in Brussels at the hands of the German military authorities down in the charge of being an English spy and with trying to buy information concerning the movement of German troops.

Notes made by Mr. Williams in a French dictionary for a sermon on the horrors of war, fell into the hands of the Germans when he was arrested. A German lieutenant took them and they were taken to the Metropole hotel in Brussels, and taken to German military headquarters, and put through a drastic examination.

EXPLORER

FROM PASADENA, CALIFORNIA  
HAS CHARTED THE NORTH  
COAST OF ALASKA

A Year Spent Alone in Northern  
Wastes—Had Visit from  
Stefansson.

(ASSOCIATED PRESS TELEGRAM)  
San Francisco, Oct. 5.—Charting of the North Alaska coast has been completed by Ernest DeKoven Leffingwell of Pasadena, Calif., after a year alone in the northern wastes it was learned here today. Leffingwell arrived late yesterday on the whaler Jeannette. He journeyed north on the Mary Sachs, one of the vessels of Stefansson, the Arctic explorer and returned with the word that two ships of the Canadian expedition which were frozen in last winter near Flaxman island, 35 miles from Leffingwell's headquarters, made their way to sea in July and are now on their way to Dominion waters.

Speaking of a visit from Stefansson, Leffingwell said today: "Early in December I was surprised on answering a knock at my door to see Stefansson stride into my cabin. I had supposed him to be hundreds of miles distant."

"He and several of his party were encamped at Collinson Point. Later they sent a dog team to my camp and took me to their headquarters for Christmas. We exchanged several visits after that."

"When the ice broke up about the Karluk, Stefansson's ship, her seams were found open and she was abandoned the explorer and his party embarking on one of the other vessels."

Leffingwell says that he believes that land to the north of Canada for which the Stefansson party is searching, exists, and soon will be discovered.

VON KLUCK'S

(Continued from Page 1.)  
famous Russian cavalry is showing an ability to cover the same wide field of operations, as the Lithians in the western war area.

While the allies in the west are congratulating themselves upon the excellence of the railway service which enabled them to bring up all the necessary transports and reinforcements, the Russians in East Prussia are suffering from a lack of such facilities. No matter how great the Russian invading host proves to be, physical conditions alone would prevent any duplication of the wonderful march of the German forces through Belgium and northern France.

Fighting is reported around Douai, 15 miles east-northeast of Arras, and if this is true, General von Kluck is in as dangerous a predicament as he has been since the allies began their determined movement to turn the German right in northern France.

A full briefing along most of the great battle front. The anxiety over the French situation at St. Mihiel evidently has been greatly relieved, probably by the movement which threatens the rear of the crown prince's army.

It now seems certain that the forts in the outer rim of the Antwerp defenses are still occupied by the defenders, but these must have suffered greatly. The desperate efforts on the part of the Germans to cross the river Nethe, where their advance lines rest, have been repulsed. Along this line one of the great German siege guns is said to have been lost in a swamp. If this is true it is a serious disaster to the Germans for the huge weapons are not easy to replace. The latest reports from the besieged city indicate that two attempts of the Germans to cross the river Nethe have been smothered by the defenders' artillery.

In the Balkans the mutual jealousies of the small states which used to threaten the peace of Europe, are now conspiring to preserve what is left of it—for each is afraid to cast its lot with either side for fear of an attack from its neighbor.

OFFENSIVE WILL  
SOON BE ASSUMED  
BY THE ALLIES.

(ASSOCIATED PRESS TELEGRAM)  
London, Oct. 5.—The fact that fighting is in progress in and around the town of Douai, midway between Arras and Valenciennes, on the railroad to Monds, is taken in London to show how surely the allies in northern France have pushed the forward movement they hope will envelope General von Kluck, the commander of the German right wing, in a net of steel. For the past week the Germans, so far as can be ascertained from the few facts known in London, have been vainly hurling themselves against different points in the allied line in an effort to discover a weak mesh in the net. At the present time, in the view of General Joffre, commander-in-chief of the French forces, the process of attrition has gone far enough to justify the resumption of offensive movements on the part of the allies, as is announced in the latest communication from French headquarters.

Apparently the intent now is to attempt something decisive against the German right wing, and if possible, bring to an end this contest which for magnitude and stubbornness is without precedent in history.

The series of highlands stretching north and south along the allied left are the master keys of the battle, and a considerable force from overseas and elsewhere has been pushed up to secure control of them.

At Soissons, the German trenches already have been captured but the Germans continue to fight fiercely and are still attacking at this point as elsewhere, along the entire line of battle which their latest official report asserts is going in their favor just as confidently as General Joffre maintains the contrary.

In the eastern theater of war the

Germans would appear, according to English observers, to be contemplating a period of defense before taking the offensive. They are busily engaged between Thorn in East Prussia and Galicia in entrenching themselves against the Russian hosts gathering on the other side of the frontier. It is calculated that there are no fewer than four million fighting men in this eastern arena, and a repetition of the long and arduous siege battles which have been such a feature of the struggle in France, seems a certainty.

The Russians continue to push eastward on Cracow confidently with the hope of getting thence to Breslau and then go on stretching their tentacles toward Budapest. Cossacks are on the plains of Hungary. Even Budapest admits that they have crossed the river Theiss, which was regarded as one of the main obstacles to their progress. By getting across the railroad at Zsigeth they secured the second line leading to the Hungarian capital. They had already seized the Lemberg-Budapest line at Ungvár.

The Austrians on the other hand claim further victories against their smaller enemy invading Bosnia, but they are silent on the subject of Sarajevo which, according to Serbian and Montenegrin statements, is surrounded by their allied armies.

CHINESE NOT TO  
OPPOSE THE JAPS'  
CONTROL OF R. R.

(ASSOCIATED PRESS TELEGRAM)  
Peking, China, Oct. 5.—Delayed in transmission—Although the Chinese authorities continue to hope that the Japanese will permit them a measure of control over the Shan Tung railroad, they have informed the Japanese they will not oppose the military occupation of the line. This is the railroad which runs from Tsingtau westerly through the province of Shan Tung to Chi Nan, passing through Wei-Hsien.

The Japanese are confident that the Chinese troops will obey the instructions of President Shi Kai to this effect, consequently they are sending less than 500 men westward beyond Wei Hsien.

The Japanese are using the line in connection with their operations against the German territory of Kiao Chow.

MAY SUBSTITUTE  
COTTON CORD FOR  
JUTE TWINE IN P. O.

(ASSOCIATED PRESS TELEGRAM)  
Washington, Oct. 5.—Whether the postoffice department shall change its long established custom of using jute twine for cotton cord, is to be determined by a committee of postal experts as the result of inquiry into the subject, announcing this today.

Postmaster Gen. Burleson expressed the belief that owing to the prevailing high price of jute and the demand for this year's cotton crop curtailed because of the European war every effort should be made by the government to use cotton products whenever price conditions permit.

Enormous quantities of jute twine are used annually throughout the postal service.

GOVERNMENT HAS  
BUILT WIRELESS  
ON THE ISTHMUS

(ASSOCIATED PRESS TELEGRAM)  
Washington, Oct. 5.—At cost of a quarter of a million dollars, the navy department has just completed at Darien, on the Isthmus of Panama, the second station of a chain of wireless towers, expected to maintain communication between the great Arlington station, Central America, California, Hawaii, Samoa, Guam, and the Philippines.

This new tower is composed of three six-hundred foot stretchers, forming a triangle on a 900 foot base. The other links of the chain will rapidly be completed as soon as the necessary fortification can be constructed to defend them against attack.

NOT DRUGS  
Food Did It.

After using laxative and cathartic medicines from childhood a case of chronic constipation yielded to the scientific food, Grape-Nuts, in a few days.

"From early childhood I suffered with such terrible constipation that I had to use laxatives continuously, going from one drug to another and suffering more or less all the time."

"A prominent physician whom I consulted told me the muscles of the digestive organs were weakened and could not perform their work without help of some kind, so I tried at different times about every laxative and cathartic known, but found no help that was at all permanent. I had finally become discouraged and had given my case up as hopeless when I began to use the pre-digested food, Grape-Nuts."

"Although I had not expected this food to help my trouble, to my great surprise Grape-Nuts did exactly what I wanted from the first and in a few days I was convinced that this was just what my system needed."

"The bowels performed their functions regularly and I am now completely and permanently cured of this awful trouble."

"Truly the power of scientific food must be unlimited." Name given by Postum Co., Battle Creek, Mich.

Trial 10 days of Grape-Nuts, when regular food does not seem to sustain the body works wonders.

URGED BY COLUMBUS MINISTER-  
IAL ASSOCIATION TO IN-  
DORE TEMPERANCE

They Ask His Fearless Indorsement  
Saying His Silence Will Be  
Misunderstood.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Oct. 5.—The Columbus Ministerial association today telegraphed Secretary Bryan, urging him to discuss the liquor issue when he speaks in Ohio Thursday.

"May we not count on you while in our state, to speak out on this issue in the same fearless way in which you have spoken in your own state elsewhere?" says the appeal. "Your silence at this time would not only be misunderstood but would surely be used as a weapon against your brethren in the church of Jesus Christ. Therefore, will you not give us your fearless denunciation of the liquor amendment to the Ohio constitution, and just as fearless endorsement of the proposed prohibition amendment."

The message also says: "We recall with gratitude your loyalty to the cause of temperance."

M'COMBS HAS  
NOT DECLINED  
CHAIRMANSHIP

(ASSOCIATED PRESS TELEGRAM)  
New York, Oct. 5.—William F. McCombs, chairman of the Democratic National committee, said today that he had not definitely declined Governor Glynn's request to take the chairmanship of the Democratic state committee, but had told the governor that he would prefer not to accept the position and hoped that someone else satisfactory to the party could be obtained.

WILSON APPROVES  
M'COMBS' STAND

(ASSOCIATED PRESS TELEGRAM)  
Washington, Oct. 5.—The action of William F. McCombs, chairman of the National Democratic Committee in declining the offer of the chairmanship of the New York State Democratic committee, was approved today by President Wilson. The President gave out the following statement:

"In my judgement Mr. McCombs has done the right thing. It would not be wise for the national chairman to withdraw his attention from the national campaign to conduct the campaign in a single state."

CORPORATION TAX  
IS FLOWING INTO  
STATE TREASURY

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Oct. 5.—State Treasurer Brennan announced today that \$1,731,506 had been received October 1 from the 2-20 of one per cent. tax outstanding authorized stock of Ohio corporations and that \$461,437 was delinquent. The total amount due this year is \$2,252,943. About \$400,000 of the delinquent amount represents stock over which disputes are being made in courts. Mr. Brennan reported. The penalty for delinquent payment is 15 per cent. additional tax.

Last year the total Willis taxes received were \$2,035,507 of which \$1,587,673 was paid promptly and \$452,834 was delinquent.

FAMOUS OPERATOR  
IN COTTON MARKET  
DIED THIS MORNING

(ASSOCIATED PRESS TELEGRAM)  
New Orleans, Oct. 5.—William P. Brown, 53, widely known in the cotton business died today.

Mr. Brown had been connected with some of the most spectacular operations in this history of New York and New Orleans cotton exchanges. He was at times associated with Eugene Scates, Jas. Patton and Frank B. Hayne, whose activities in the 1910 crop resulted in federal indictments against the "four bull" operators. Patten pleaded guilty to conspiring to monopolize the commodity and paid a fine of \$4,000. Pleas of nolle prosequere of the others, were accepted later.

C. M. A. WINS TWO  
FROM THE HEISEYS

The C. M. A. copied both games of the double header at Wehrle Park Sunday afternoon by the score of 5 to 1 and 5 to 2. The second game was an exciting contest, the decision being delayed until the twelfth inning when the C. M. A. team got a two-run advantage.

LEG BROKEN  
WHEN ENGINE  
BACK FIRES

L. N. Bradley, of the firm of Bazler & Bradley, undertakers, suffered a fracture of the small bone of his left leg Saturday afternoon when he attempted to crank the engine of an automobile. The engine back-fired and the crank struck the left leg crushing the bone. An X-ray examination of the injury by Dr. Boyer revealed the fact that the top of the small bone was crushed. Mr. Bradley suffered much pain but despite the fracture, he walked up the steps to his apartment in North Fourth street. He will be laid up for some time.

WILSON TO MAKE  
HIS PEACE WITH  
H. WATTERSON

(ASSOCIATED PRESS TELEGRAM)  
Washington, Oct. 5.—That President Wilson is about to make peace with Henry Watterson, editor of the Louisville Courier Journal as well as with George Harvey, editor of the North American Review, whom he saw at the White House yesterday was suggested today when President Wilson told callers he hoped to see Mr. Watterson at the executive mansion. He added that no arrangements for such a meeting had been made.

PHILIPPINE TRADE  
DECLINED DURING  
THE PAST YEAR

(ASSOCIATED PRESS TELEGRAM)  
Washington, Oct. 5.—Both the import and export trade of the Philippines shows a decline for the year ending June 30 last, compared with the previous year, according to customs returns of the islands received by the bureau of insular affairs and made public today.

Imports amounted to \$36,011,570, against \$36,327,583 in 1913 and exports \$1,235,448 compared with \$53,682,326. Though imports were slightly below those of the preceding year, there was a substantial increase in the general trade of the islands, the smaller total being due to greatly reduced foreign purchases of rice following larger local production. The reduced export total reflected the continuing effect of the drought and typhoons of 1912 on the production of copra and hemp and a reduced American demand for the Philippine cigar. Trade with the United States continued to increase and constituted over half of all imports and 43 per cent. of all exports.

TAX ON PROPERTY  
NEXT TO CHURCH  
IS VALID ONE

(ASSOCIATED PRESS TELEGRAM)  
October 5.—The central congregational church of Toledo will have to pay taxes this year on the lot adjoining its edifice purchased as a site for a new building. Even though the deed was not delivered until after May 1, this year, Attorney General Hogan declared in an opinion given to the state tax commission today.

Another opinion to prosecutor Ben A. Binkley of Hamilton county stated that in any action in partition instituted after July 1, 1914, it is necessary to have the title of the property concerned in such a suit registered under the new Torrens registration law.

COLLECT CLOTHING  
FOR CHILDREN OF  
STRIKING MINERS

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Oct. 5.—Despite the report made to the state department of public instruction today that none of the school children visited by the investigator in Jefferson and counties where the miners are striking, seemed distressed for lack of clothing, the state department will start immediately to collect clothing from school children in other parts of the state for the eastern Ohio district Superintendent Miller announced this today after receiving the report of T. Howard Winters of his department, who spent several days in those counties last week on a tour of investigation.

The state department of instruction will appeal to school children over the state to contribute clothing and the department will act as a clearing house.

SERVIANS MAKE

Paris, Oct. 5.—A Havas agency dispatch from Nish brings the following official statement from the Serbian war office:

Serbian troops in Bosnia have approached the fortifications protecting Sarajevo (the capital). The Austrians who occupy the heights on the right bank of the Drina, are suffering a lack of provisions.

"On October 2, near Klenak on the Save the Austrians attacked their own troops."

GAS WELL DRILLER  
HOME FOR CLEVELAND

Mr. W. C. Critchfield of Cleveland was a visitor in the city Saturday and Sunday, the guest of his numerous friends. Mr. Critchfield whose home is in this city, is one of the best known oil and gas well drillers in the state. He has been engaged in contracting in Cleveland since last April and has brought in a number of splendid gas wells. His latest well measured more than a million cubic feet of gas per day and was drilled in a city lot. There are hundreds of derricks in operation within the corporate limits of the city, in some cases in adjoining lots.

The drilling of the United States and Canada now number about 3,000.

BIG CROWDS!  
SEE PICTURES  
OF PEN LIFE

Rodney J. Diegle gave two entertainments of his "Exposition of Prison Life," at the Auditorium Sunday afternoon and evening to two good audiences, all being well repaid for attending for in addition to seeing pictures actually taken behind prison walls they were at the same time accurately described by Mr. Diegle. What made the pictures intensely interesting was the fact that Mr. Diegle himself spent three years behind the same walls, having been sent there while serving as sergeant-at-arms of the upper house of the Ohio legislature. He states that in his own heart he knows that he is not guilty of the crime with which he was charged, aiding and abetting bribery, and that he has no malice toward any one on earth.

Colonel Diegle makes a splendid appearance as a descriptive lecturer and those who heard him Sunday and this afternoon would never imagine for a moment that it was his first engagement and that the lecture here was the introductory one, but it was a fact nevertheless. His splendid stage presence and the ability with which he handles his subject would leave one to believe that he had been delivering the same lecture scores of time, but the truth is he never even saw the prison pictures until they were thrown on the screen at the Auditorium Sunday afternoon. That he will make a success of his "exposition of Prison Life" is a forgone conclusion.

Colonel Diegle, as he is called by thousands who know him over the state, has held many positions of trust during his life, has come in contact with many noted people, has mixed with all classes in life during his long newspaper career and is eminently qualified in every way to act in the capacity of a descriptive lecturer. He has a pleasant voice, has exceptional ability as an orator and his manner in bringing many historical facts of the noted Ohio institution before his auditors was very pleasing indeed.

Col. Diegle pictured the old penitentiary in 4,000 feet of motion pictures and many hidden secrets of the world behind the walls were laid bare. He described in detail and showed the cells of the famous rebel, General John H. Morgan and his officers telling the true story of their escape from the prison. He showed scenes of the death chamber and electric chair, and of very detail of convict life from the days of rack, and torture dungeons up to the present system of humane treatment, designed for the double purpose of protection to society and reformation of the criminal.

Colonel Diegle will close his engagement in this city this evening, the entertainment beginning at 8:15. He no doubt will be greeted with another large audience.

Sari Tomorrow.

Over three hundred violins are utterly ruined each season in Savage's production of the sensational operetta success, "Sari," which comes to the Auditorium tomorrow night, Oct. 6. The action of the story calls for the actor who plays the role of Pali Racz, the gypsy leader and violinist, to break his Stradivari at the tensely dramatic climax of the operetta. Pali Racz really breaks his violin past all mending and a new one is required for each performance of "Sari." The Savage office in New York made special arrangements to buy them by the gross. By this arrangement the violins are secured at a big reduction, but even at that they cost a small sized fortune.

Miss Ellen Coming.

Her father is in jail in Siberia and she would like to get him out. If any man in Newark has influence with the Czar of Russia it is his duty to call on Miss Ellen who will be at the Auditorium with the "September Morn" company soon and offer his aid.

Barbed Wire Advantages.

"I reckon," said Farmer Cortosel, "as how mebbe barbed wire ought to be counted as one of the most useful inventions of the age." "For what reason?" "When there's a lot of work to be done barbed wire makes it impossible for a feller to sit on the fence an' look on."—Washington Star.

Wanted to Get Away.

Bachelors — "Is Miss Brown clever?" "Howard — "Yes; nothing escapes her." Bachelors — "Heavens man! Don't ever introduce me!"—Judge.

Lost His Fee.

"That was an awful mistake the surgeon made. The man he operated on didn't have what he thought he did." "Didn't have appendicitis at all, eh?" "Oh he had, appendicitis all right, but he didn't have any money."—Kansas City Star.

## What Keeps Men Poor?

Of course there are many things, but the one we want to speak of now is the idea that only by having a very large amount can one make advantageous use of money.

Many say, "What is the use of saving, all I can't accumulate would be not enough to amount to anything?"

This is a very mistaken attitude of mind.

It is true that business of any kind now requires more capital than formerly, but it is always true and now more than ever, that the REFRAINING man can command the capital of other people.

Save a few hundred of your own and others will trust you with thousands. But if you cannot make or save for yourself, no one will believe you can handle their money.

### "A Splendid Charge."

There will be the full complement of backs broken in two, of arms twisted wholly off, of men impaled upon their bayonets, of legs smashed up like bits of firewood, of heads sliced open like apples, of other heads crunched into soft jelly by the iron hoofs of horses, of faces trampled out of all likeness to anything human. This is what skulls behind "a splendid charge."—Charles Dickens.

### Jam, From "Jamaica."

Jam seems to take its name from Jamaica and is comparatively a modern luxury. Galt in his "Annals of the Parish" states that the fashion of jam making was introduced into Scotland about 1760, when berry bushes were planted by "some of our young men that had been sailors coming from Jamaica," and the condiment was valued in the first place chiefly as "an excellent medicine for a sore throat." A writer in Hone's "Everyday Book," in 1826, deplored the fact that jam could not be "purchased at the shops as other articles of consumption are."—London Mail.

### Unhappy Marriages.

The reason why so few marriages are happy is because young ladies spend their time in making nets and not in making cages.—Jonathan Swift.

# Leading Lawyers of Ohio on the Home Rule Amendment

## MEN OF OHIO:

In the two last weeks the state has been flooded with printed matter in which the language of the Home Rule Amendment has been misquoted and distorted.

Do you believe the 304,062 voters of Ohio who signed the petition for the Home Rule Amendment acted in bad faith?

Do you believe that these voters from 87 counties would submit for your adoption a Constitutional Amendment which would strike down any regulatory liquor law?

Has some Prohibitionist attempted to persuade your better judgment against the plain meaning of the language of the Home Rule Amendment?

Do you realize the efforts of the Prohibitionists to befuddle the public mind on the Home Rule Amendment is their method of diverting your attention from the consequences of state-wide Prohibition?

## Have You Read The Home Rule Amendment? It Is As Clear As The Light of Day.

### Here It Is

Article XV., Section 9a. No law shall be passed or be in effect prohibiting the sale, furnishing or giving away of intoxicating liquors operative in a subdivision of the state, upon the option of the electors thereof, or upon any other contingency, which has force within a territory larger than a municipal corporation or a township outside of municipal corporations therein. All laws in contravention of the foregoing are hereby repealed.

Nor shall any law hereafter be passed prohibiting the sale, furnishing or giving away of intoxicating liquors throughout the state at large.

### Read It For Yourself

IS IT NOT APPARENT TO YOU THAT THE AMENDMENT ESTABLISHES THE TOWNSHIP AND MUNICIPALITY AS THE LOCAL OPTION UNITS AND PREVENTS STATE-WIDE PROHIBITION, EXCEPT BY A VOTE OF THE PEOPLE—AND NOTHING MORE? READ WHAT THE ATTORNEY GENERAL OF OHIO SAYS, IN HIS OFFICIAL OPINION, AUGUST 8, 1914:

"It is my opinion that the adoption of the proposed constitutional amendment would not interfere with or repeal either the Sunday laws, sales to minors laws, the sales to drunkards law, or similar regulatory laws, nor prevent the passage of similar laws in the future.

"Furthermore, it is my opinion that local option for municipal corporations and residence districts, as well as local option for townships, applicable to each township in the state, whether it contains a municipal corporation or not, is not interfered with by the amendment. In fact, the only so-called local option law affected is the Rose County Option Law."

The Following Are Quotations From The Opinions of These Lawyers Expressed in Positive Terms:

### George B. Okey

The (Home Rule) amendment will in no wise affect what are known as regulatory laws, such as those requiring the observance of Sunday and the inhibition of sales of liquor on that day, the prohibition of such sales to minors and drunkards and the like, or the legislative power to enact them. Such regulations lie within the broad scope of the police power of the legislative branch of the state government, which embraces all the legislative power necessary to promote the health, morals and welfare of the citizens. There is nothing in the language of the proposed amendment which can be tortured into a limitation or restriction upon that power. It will remain unaffected in the slightest degree. The amendment will neither repeal existing statutes of that character nor prevent the enactment of such additional ones in the future as may be deemed to be necessary.

The proposed amendment, if adopted, will, in order to restore the principle of home rule to localities, destroy the county as the unit for option vote purposes, and confine enactments of that character to smaller territory, viz., to territory no larger than a municipal corporation or township.

The contention that the language used excludes local option in townships which do not contain a municipal corporation is without any merit whatever.

### John A. McMahon

I am of the opinion that the only effect of this amendment (Home Rule), if adopted, will be as follows:

1. To prohibit the Legislature from passing, in the future, a state-wide prohibition law; and,

2. In addition it will repeal what it know as the Rose County Local Option Law, which permits prohibition in a municipal corporation by the controlling vote of the electors of the county outside of it.

It will not affect the laws prohibiting the sales of liquor on Sunday, nor the laws punishing sales to minors, intoxicated persons, or persons in the habit of being intoxicated. Nor will it in any way change the law as to local option in residence districts, municipal corporations or townships.

A reading of the law shows at once that it concerns territorial subdivisions only, and not regulatory laws. And one must be apprehensive beyond all reason who fears that any court in Ohio will construe the amendment in any way to affect the laws I have referred to.

The opinion of Attorney General Hogan is thoroughly sound.

### James E. Campbell

It is not disputed that the foregoing (Home Rule) amendment, if adopted at the approaching election, will repeal the present county local option law, commonly known as the "Rose Law," and prevent the passage hereafter of any county-wide prohibition law, either by local option or otherwise; nor is it disputed that the proposed amendment forbids the passage of a state-wide prohibition law.

Further than this, however, this amendment will not affect any existing law upon the subject of intoxicating liquors. It does not interfere with the power or discretion of the General Assembly to pass "regulatory" laws as contra-distinguished from "prohibitory" laws.

Suffice it to say that, in my opinion, the proposed constitutional amendment does not interfere with the township local option law; nor does it abrogate or affect existing laws, or such as may be passed hereafter, which seek to "regulate" the traffic in intoxicating liquors by prohibiting sales to minors or drunkards, or sales upon the Sabbath day or at certain hours upon week days.

### Wade H. Ellis

I have carefully considered the legal effects of this amendment without any regard to its merits, and I am unable to find any basis for the contention that, if adopted, it would affect the present township local option law or would change in the remotest way any regulatory statutes on the liquor traffic.

There are just two things, and these only, that will result if this amendment to the constitution is adopted: County option and prohibition in the state at large will be forbidden.

### William L. Day

The amendment (Home Rule) makes the township a local option unit. If adopted, it would not prevent local option elections in townships which contain no municipal corporation.

The words contained in the amendment, "laws . . . prohibiting the sale, furnishing or giving away of intoxicating liquors," plainly refer only to such laws as are known as "prohibitory laws"; that is, laws which prohibit the general sale of liquor in a community. There is a distinction between "prohibitory" and "regulatory" laws, which is plainly recognized by the provisions of Section 9 of Article XV. of the Constitution of the State of Ohio. In this section the words "prohibitory laws" and "regulatory laws" are both used to indicate laws of different character.

There is no foundation for the claim that the amendment, if adopted, will repeal such laws (regulatory) or prohibit the passage of future laws regulating the sale of liquor, and providing for punishments and penalties for the violation of such laws.

### Judson Harmon

So if it (Home Rule Amendment) should pass, our present laws against selling to minors, drunkards, etc., on Sundays, election days, etc., and near fairs, institutions, etc., would not be repealed or modified in any way whatever. Nor would the power of the legislature be taken away or restricted to make further regulations in the future.

I find no ground whatever for the suggestion that the voters of a township not containing a city or village would lose the right to prevent the traffic in the township.

Beyond forbidding prohibition of the traffic by a state-wide law, the only change the amendment would make in our present system is to abolish local option by entire counties.

The language of the amendment is too plain to need outside help to find its meaning. But if such help were needed it would be found in the general knowledge that for years there have been constant contention and trouble because the will of the people of municipalities and townships has been overborne by the votes of those who do not live in them.

### Lawrence Maxwell

The purpose of the amendment is obviously to provide home rule on the subject of trafficking in liquors in the following manner:

First. By preventing the passage in future of a state-wide prohibition law. Second. By repealing the present county option law and preventing the future enactment of county option laws. Third. By fixing the following maximum units for local option in lieu of the present county unit, to-wit: municipal corporations, and townships not including municipal corporations therein.

There is no merit in the claim that the proposed amendment, if adopted, will prevent local option elections in townships which contain no municipal corporation. In such cases the township is clearly the local option unit. The amendment secures home rule to the residents of every municipal corporation and to the rural population of every township.

Equally unfounded, in my opinion, is the claim that the amendment, if adopted, will repeal the laws now in force, or prohibit the passage of future laws, regulating the sale of liquor, such as the Sunday laws, laws prohibiting sales to minors or drunkards, and the like.

I concur in the opinion of Attorney General Hogan dated August 8, 1914.

# DISTRESS OF NATIONS WITH PERPLEXITY

Great Confusion of Thought—The Present War Long Foretold in Prophecy. All Nations to Be Involved—Inefficiency of All Gentile Kingdoms to Bring Lasting Peace—Need of Divine Intervention—Nebuchadnezzar's Dream of Gentile Supremacy—"Times of the Gentiles" Now Expiring—The World's Hope—Messiah's Kingdom.

October 4.—Pastor Russell's discourse today was strictly up to date. He took for his text the Master's words, "Upon the earth distress of nations with perplexity; the sea and the waves roaring; men's hearts failing them for fear, and for looking after those things that are coming on the earth." (Luke 21:25, 26.) He said in part:

Never was there such a war as there is at the present time. Peculiar conditions have arisen, more so than has ever been known before in the history of the world. With the utter destruction of civilization impending, present conditions seem to take on a peculiar force as we think of what relationship God has to all these matters.

On every hand prayers for peace are ascending to God. Some are praying for the success of the allied armies—which means the slaughter of the Germans, Austrians and Hungarians; others are praying for just the reverse; still others are praying that the war shall not go on. All this shows great confusion of thought. How could all these prayers be heard? The Master has told us that we are to pray in accord with the Word of God. Therefore, before praying on the subject, it would be well to determine what are God's purposes in regard to this war. In order to pray in harmony with His arrangements. Instead of telling the Almighty what to do, we should all harken to His Word, and take note of what He says about this war and the terrible Armageddon which will follow it—the "Time of Trouble such as was not since there was a nation."

As I read my Bible with clearer eyes than once I read it, I see so many things different from what once I thought that I have great sympathy with people who are confused on this matter. As I read the Bible, God has foretold this very war and has indicated just what is happening today. Through the Prophet Joel He has said to all nations, "Let the weak say, I am strong. . . . Let the nations be awakened, and come up to the Valley of Jehoshaphat—to the Battle of the great Day of God Almighty. If God prophesied this war of nations, then we need not pray that He stop a war which He has foretold would take place. Surely, so far as the present war has gone, it has brought a greater number to the grave than has any previous war. Many, doubtless, will be shocked at the declaration that this war and the still greater calamity to follow are of Divine arrangement. Nevertheless, the gathering of the nations to the present struggle is referred to in the Prophet's words, where the weak nations are called upon to assert their strength and to go down, all of them, to the Valley of Jehoshaphat—otherwise the Valley of Graves.

In harmony with this prophecy, the nations have for years been "beating their plowshares into swords, and their pruning-hooks into spears," in the sense that money has been spent for military purposes which should properly have been spent in agricultural implements and developments. Apparently all the nations of the world will yet be involved. Happy would it be if our own land should escape! We are very glad to note that our President and our Secretary of State are men of peace, and will surely do all in their power to avoid complications and war itself. Nevertheless, it is reasonable to expect that the great nations of Europe, realizing how much they will be weakened by the war, will do all in their power to ensure these United States, lest at the conclusion of the war we should tower too much above the other nations in financial strength and in every other way.

Seen in God's Plan. But to the majority it is very confusing to think that God would bring about any great war. There is surely something wrong or there would not be such perplexity; for the Lord tells His people that they will not be in darkness. Speaking about this Time of Trouble, St. Paul says, "But ye, brethren, are not in darkness, that that Day should overtake you as a thief. Ye are all the children of the light, and the

children of the Day." (1 Thessalonians 5:1-4.) God's people should have general information regarding His plans, purposes and arrangements.

Only as we look at the Divine Plan as a whole can we understand God's relationship with this bloody war—and with all war. Many have seen only small portions of the Divine Plan, and so have failed to grasp the great lengths, breadths, heights and depths of God's great Purpose. But whoever has an understanding of the great Plan of God will ever after be able rightly to appreciate and to locate not only the events of today, but also everything that is coming; for the Bible outlines the history of man.

The Scriptures clearly teach that our earth is the only rebellious province in all God's fair creation. In this little planet God has permitted sin to take its course—to bud, to blossom, to bring forth its fruitage—that both men and angels may see the dire results of opposition to the Divine Government. The Bible tells us how this world became rebellious. It tells us that God did not create mankind imperfect, as we are today. Man was created perfect, an earthly being—in the image of his Heavenly Creator, in the sense of having a moral character, but limited to earthly conditions. This perfect man was placed in a perfect home, in every way adapted to his needs. This Eden was especially prepared for him, and he was to enjoy it. But he was the king of the whole earth; and therefore his Creator instructed him that, as his family increased, he was to subdue the earth and develop it. Had mankind remained in harmony with God, the whole world would have become as Eden.

God foreknew just what would occur, however. He foreknew Adam's sin and fall, as well as the mental, moral and physical degeneracy which would result from the disobedience of our first parents. He foreknew our weakness and imperfection, our attempts at moral, religious and mental reform and at mental and physical health. Yet He permitted all this to come to pass.

Sin entered the world, and has continued to rest upon the human family for six thousand years. This curse of sin and death is upon mankind. God's penalty for sin is death, and whether it comes through pestilence, famine, war or by slower processes, matters little. There is no one so stupid but that he can see that the whole course of human history has been a reign of Sin and Death.

Why God Has Permitted Sin and Death. The Bible tells us that God has permitted this condition to continue for the past six thousand years as a great lesson on the exceeding sinfulness of sin and on the utter hopelessness of any other help than that which He Himself has provided. For six great Days of a thousand years each—from Adam's time until now—Sin and Death have reigned over the race. These are man's work week, in which he has been permitted to try everything he could imagine for his own relief from sin and its penalty—death.

And now, after the week has drawn to a close, what do we find? Mankind is still dying—mentally, morally, physically. So far from gaining life for our race, all our efforts through doctors, scientists, etc., have accomplished practically nothing. Yea, our most learned physicians and specialists tell us that the world is on the verge of a collapse. They say that at the present rate of increase there would not be, in a hundred and sixty years from now, enough sane people in the world to care for the insane. They tell us that various diseases are increasing so rapidly as to endanger the existence of the race in a very short time; and this in face of the fact that sanitary conditions are made a necessity, even to the extent of providing individual drinking cups.

Our only hope is in God; and He has arranged that His blessing shall come through Messiah's Kingdom when our race shall have reached its limit. Man's extremity will be God's opportunity. In the great Seventh Day of man's work week, the antitypical Sabbath, Messiah will, in association with His Church of this Gospel Age, set up the Divine Kingdom amongst men—a spiritual Kingdom, not an earthly one, ruling, blessing and uplifting mankind. For a thousand years this work of uplift will progress, until all the willing and obedient will have attained again the lost likeness of their Creator and all the unwilling and disobedient will have been cut off from life in the Second Death.

"The Times of the Gentiles."

Another great lesson which God has been teaching mankind during the reign of Sin and Death is the fact that they are incapable of establishing such a government as is necessary for real blessing and uplift of the race. For a time He appointed the nation of Israel to be His typical kingdom, selecting King David and his posterity to constitute the royal family. The last king of David's line was Zedekiah, of whom we read: "And thou, profane wicked prince of Israel, whose time has come that iniquity shall have an end. Thus saith the Lord God, Remove the diadem, take off the crown; I will overturn, overturn, overturn it: I will give it to some other; and I will give it into the hand of a stranger who will take it. The One whose right it is, is Messiah Jesus the Head, and the Church His Body—on the spirit plane. Certain Scriptures indicate that the time during which God's Kingdom would be removed would be seven prophetic Times, each of which is 1260

years in length. Seven times would therefore equal 2520 years. That period, reckoned from the time of King Zedekiah's overthrow, ends with this year; for according to the Scriptures the crown was taken away from King Zedekiah in 606 B. C. If so, with the close of the present year, Messiah should take to Himself His great power and begin the long promised Millennium Reign of Glory, the opening or beginning of which, according to the Bible, will be a very dark hour—"A Time of Trouble such as was not since there was a nation," "nor ever shall be"—the like again.

When God took away His typical kingdom, 606 B. C., He gave the Gentiles authority or permission to do their best to rule and govern the world and to bring in righteousness. That we might know all this, He gave a dream to Nebuchadnezzar, King of Babylon, and sent the interpretation of the dream through Daniel, the Prophet. The dream showed a great image, whose head was of gold, representing Babylon; the breast and arms of silver, representing the succeeding government of Medo-Persia; the belly of brass, representing the Grecian Empire, which succeeded the Medes and Persians; and its legs of iron represented Rome, the government of the Caesars. Each of these governments has had universal sway, each has shown the best it was able to do for humanity, and each has failed.

The feet of the image were of iron, showing that they represented part of the Roman Empire; but they were smeared with clay and thus made to represent stone feet. These feet represented the Holy Roman Empire, whose divisions, or toes, are now at war with each other. The dream and its interpretation showed that the stone which struck the image in the feet, ground them to powder and utterly destroyed the entire image, represented God's Kingdom. According to the prophecy, this Kingdom will ultimately fill the whole earth.

The clay smeared on the feet, making them look like the stone, represents the fact that the present Roman governments of Europe claim to be Christ's Kingdom. On their coins, and otherwise, they claim to be representatives of God. They have deceived themselves into thinking of themselves as Christendom, which signifies Christ's Kingdom. In reality, however, they are Gentile kingdoms, the last representatives of Gentile power—the feet and the toes of the image of Gentile supremacy which Nebuchadnezzar saw in his dream.

These powers are what the Bible calls "the kingdoms of this world." But they are part of the Gentile power which has been permitted to rule the world up to the time when God will be ready to set up His Kingdom, which was also represented in Nebuchadnezzar's dream—the stone cut out without hands. The Word of God transforming the hearts of His people will gradually make them His Kingdom, and in the spiritual Kingdom these will be Messiah's joint-heirs. When the image of Gentile supremacy falls, these will be put into power and place. Then all will have opportunity to return to the image of God.

The Judgment of the Nations.

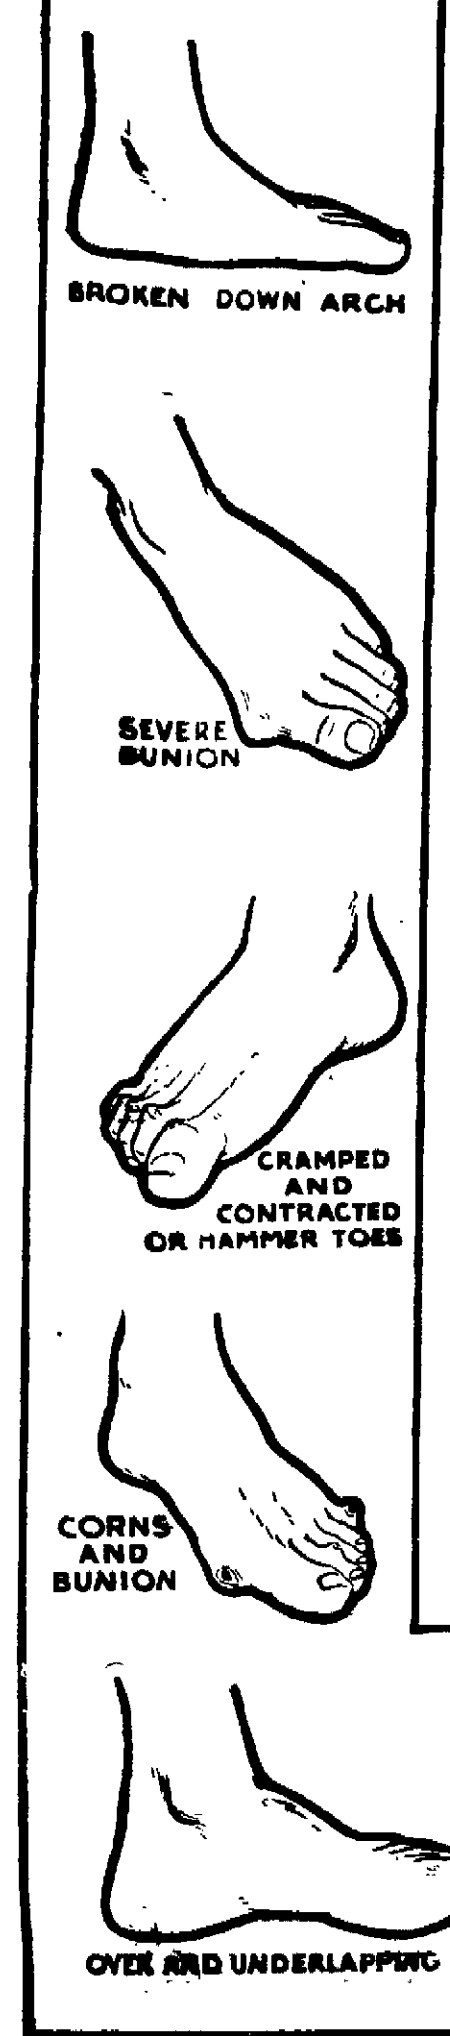

We have read in history, and daily we are reading in the newspapers, how these nations are attempting to blow one another off the sea and the land. "The nations were angry," says the Revelator. There is no nation so small but that it desires to go to war. As the Prophet Joel says to the nations, "Come up to the Valley of Jehoshaphat." Outside of the walls of Jerusalem is the cemetery of Jehoshaphat, known as the Valley of Graves. In figurative language the Prophet is saying to the nations, "Come up to the Valley of Graves." And this is just where they are going.

When we think of the appalling loss of life amongst these angry nations, it is grand to know that all these bitter experiences are not lost, and that the poor creatures who have suffered are not, when they die, hurried into eternal torment—that these poor creatures, not knowing what the war really is about, but demonstrating to the best of their ability their patriotism, are not thrown to the devil to be forever roasted. Ah, no! According to the Scriptures, they are falling asleep in death. Their sorrows and woes are all over for the present. They will know nothing more until He who has redeemed them will call them forth from the dominion of Death.

The present war will weaken the nations, not only of their life-blood, but also of their wealth; and it will demonstrate the inefficiency of all Gentile kingdoms to bring to the world peace, righteousness, satisfactory government. But Messiah's Kingdom, which will then be inaugurated, will be "the desire of all nations." This war and the anarchy of Armageddon, which will follow it, will prove conclusively the great need of Divine interposition in human affairs.

Doubtless earth's great rulers have done the best they know how to do for their peoples. Some of our very best laws came from Julius Caesar. In combination with the Mosaic code. Some of the world's rulers today are also doing their best; but they are confused, having a false idea of what constitutes

## COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Agents, Hall's drug store.

## "TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet; no more burning feet, swollen, hot, smelly, sore feet. No more pain in corns, calluses or bunions. No matter what ails your feet, or what under the sun you've tried without getting relief, just use "TIZ."

"TIZ" draws out all the poisonous exudations which pull up the feet; "TIZ" is magical. "TIZ" is grand. "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't even hurt and your feet will never, never hurt or get sore, swollen or tired. Get a 25 cent box at any drug or department store, and get relief.

Ad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Ad Salts to folks who believe in overcoming sidney trouble while it is only trouble.

## IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Ad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Ad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Ad Salts to folks who believe in overcoming sidney trouble while it is only trouble.

## ECZEMA ON FACE

Cured With Saxo Salve

Prof. Albert School of Music, New York City. "Since last September my face and head have been covered with pimples and crusts of eczema. So-called specialists, doctors and advertised skin remedies failed to help me. By the use of Saxo Salve my face is now clear and smooth and I feel it my duty to tell others who suffer as I did."—Prof. HENRY ALBERS. If we can't cure your skin trouble with our Saxo Salve and Saxo Soap we'll buy back the empty tube. F. D. Hall Drugstore, Newark, Ohio.

## Nose and Head Stopped Up From COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Stops Nose, Head and Throat—Clears Nasty Catarrhal Discharges. Dull Headache Goes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. F. D. Hall, 10 North Side Square, Newark, O.

## When Croup Comes Treat Externally

The old system of dosing delicate little stomachs with poisonous drugs and opium syrups is wrong and harmful. Try the external treatment—Vick's "Vapo-Rub." Croup and Pneumonia Salve. Just rub a little over throat and chest, and cover with a warm flannel cloth. The warmth of the body releases vapors of Pine Tar, Menthol, Thymol, and Eucalyptol, that loosen the choking phlegm and ease the difficult breathing immediately. One application at bedtime insures a sound night's sleep. Vick's is better than internal medicines for all forms of cold troubles. Three sizes—25c, 50c and \$1.00.

DESPERATE

HURRY OF GERMANS TO CAPTURE ANTWERP, RESULTS IN FIERCE FIGHTING.

Increasingly Artillery Pounds Away. While Infantry Frantically Tries To Break Through.

London, Oct. 5.—The Antwerp correspondent of the Daily Telegraph, telegraphing regarding the fighting around Antwerp, under date of Saturday, says: "The Germans continue their desperate efforts to capture Antwerp. They are in a desperate hurry to accomplish it, pouring away unceasingly with their artillery of Forts Walther and Wavre-St. Catherine, and flinging the infantry forward in frantic efforts to break through. "Their losses have been enormous, and the number killed are estimated as high as 30,000 during the present movement. "The Belgians adopted a clever ruse at Wavre. After the bombardment had lasted several hours the fort ceased to reply, whereupon the German staff, thinking the fort out of action, ordered the infantry to advance in close formation. The Belgians, however, were waiting until they could see the whites of their eyes and then they opened a murderous fire. "Thus for the first time in the entire siege the Antwerp garrison has suffered a little harm from the German bombardment. "The German big guns are not being worked by regular soldiers, but by men in civilian clothing who were only an armistice to

indicate their military occupation. Undoubtedly these men are employees of the Krupp factory, hastily summoned to replace the losses among the regular gun layers.

"The heaviest German guns are located north of Wilvorde where foundations of reinforced concrete have been prepared. "The German shells have practically wiped out most of the little villages and hamlets in the outer circle of the Antwerp defenses. The Germans still hold Malines, although at a heavy cost, as the town is subject to a constant bombardment from the Antwerp forts."

CAMPAIGN BY MAIL.

Warren, O., Oct. 5.—If you get a letter in a feminine handwriting on lavender paper, do not fear to let your wife see it. She is probably in the plot. A letter writing campaign has been the latest measure advocated by the state suffrage headquarters. Women in each county in the state are urged to write personal letters to as many men as they know, arguing woman's right to the ballot and asking the recipient to vote for the suffrage amendment as a personal favor. The idea was first put into effect in Geauga and Portage counties and is spreading over the state.

FOR EQUAL SUFFRAGE.

Denver, Oct. 5.—After twenty years' experience with woman suffrage, Colorado is ready to prescribe it for the whole nation. For the first time in the history of the state both the Republican and the Democratic state platforms declare in favor of a national amendment for woman suffrage.

HUNGARY

BEING INVADED BY RUSSIANS WITH TWO FOLD OBJECT IN VIEW

First To Protect The Left Wing, and Second For Effect on Population.

Rome, via Paris, Oct. 5.—7:18 a. m. —News from Russian headquarters says that the invasion of Hungary through the Carpathians has two objects. The first is to insure the left flank of the Russian army operating against Przemyśl and along the San river and second, to open a new field of action in the vast Hungarian plains where it can frighten the population, disturb the drilling of Hungarian reservists and cut the railway communications, besides freely feeding an important portion of the army from the resources of the country. It is recalled that during the Russo-Turkish war of 1877 an expedition, commanded by General Gourko and mostly composed of cavalry, did the same thing crossing the Balkan mountains and entering eastern Rumania.

RUSSIANS HAVE INVADED HUNGARY. (Associated Press Telegram) London, Oct. 5.—A despatch to the Star from Rome, speaking of the Russian invasion of Hungary says: "Having captured all the Carpathian passes the Russians have commenced the invasion of Hungary advancing to the south and they have

occupied Hosszumezo. Then the Cossacks effected a daring coup. They crossed the river and cut the railway at Cziget, thus isolating the remainder of Hungary."

BROTHER HEARS FROM A SISTER NOW IN GERMANY

Dr. E. A. Galbreath, the Newark dentist, is "enterprising" nine men at his home in Hanover, Germany, three of whom are prisoners of war, and six German soldiers. This information has just been received in a letter sent by Mrs. Galbreath to her brother, Mr. Ernest Atherton, 130 Buckingham street, this city. Since the opening of hostilities in Europe Mr. Atherton has received four letters from Mrs. Galbreath, the last of which was dated September 20. At that time Hanover was in gala attire celebrating the capture of 10,000 prisoners. The people of Hanover and all were of the opinion that the war would soon be over, not lasting more than a year at longest. Owing to the censorship all letters sent from Germany must be written in German and must not be sealed. Letters sent to Germany must also be in the German language. Dr. Galbreath a few years ago practiced dentistry at the corner of Fourth and Locust streets, this city. He has, however, spent many years in Germany and his son Don is now practicing dentistry at Montclair, N. J. Dr. Galbreath's practice has suffered greatly since the war began.
